World Youth Day has been called by Cardinal Pell of Sydney one of the most important initiatives begun by Pope John Paul II. It is a reflection of the vibrancy the youth are bringing to the Church in every corner of the earth. *Youth in Europe* has taken pilgrimages to the World Youth Days of Denver, Manila Paris, Rome, Toronto and Cologne. Our unparalleled

experience and reasonably priced packages offer your group the best value for your fund-raised dollar. John Paul II called Australia a natural cathedral given the beauty of the country under the constellation of the Southern Cross. Our pilgrimages will use this 'cathedral' to contemplate the most important things in life as we make our way to Sydney.
