

March 13, 2021

Dear Monsignor, Father, or Deacon:

Greetings to you!

As COVID-19 vaccination and testing efforts accelerate across the world, the Chancery, along with the help of many others, has gathered information on how our parishes and other Catholic institutions may assist in this effort. Attached please find the following:

1. A letter from Bishop Persico.
2. A COVID-19 Vaccine Resource Kit from the Holy See's Dicastery for Promoting Integral Human Development.
3. A Newsletter on ways individuals can help with the COVID-19 vaccine distribution.
4. A Vaccination Site Coordination/Planning Form from the Erie County Health Department. This form is designed to help gather information about a facility to assist local authorities in determining if it is suitable for a vaccination or testing facility.

Please note: Parishes and Catholic institutions are encouraged to contact local health authorities directly to determine what assistance might be offered. Since the situation is quite fluid and different in each county, the Erie Chancery generally is not able to serve as liaison with health officials.

Please know our gratitude for all that you are doing to help our people through this time of crisis.

Sincerely,  
Chris

The Rev. Christopher J. Singer, JCL  
Chancellor  
The Diocese Of Erie
